

Dunedin Boat Club - Race Committee

The 2020 Dunedin Boat Club **Race Committee** consist of the following members

Rusty Anderson
Sheryl Barnes
Fairlie Brinkley
Carol Elwood
David Kresge – Chair (w/Theresa Kresge)

The DBC Race Day Management Team consist of members and volunteers who provide their time and resources to the support of the Dunedin Boat Club Sailboat Racing curriculum. They are boat owners who volunteer their vessel to serve as Signal, Mark or a Support Boat. They are individuals who assist with the traditional Race Committee functions to manage a racing event and are individuals who support our social events before and after race events. Without this team there would be no racing curriculum.

The DBC website has a sign-up page for individuals who are either Crew looking for a boat to crew on or Competitors looking for crew to add to their team. Contact the Race Committee Chair if you need assistance. This list is posted at the Yacht Scoring registration site for competitors to see.

Race Committee 101 is a training class offered each year in the region by Clearwater Yacht Club to educate and train Race Day Management Team volunteers on the roles and responsibilities of managing a race day event. That training for 2020, in preparation for the forthcoming Laser Midwinter East Race, the Sunfish International Masters Championship, and the Sunfish Midwinters for National Championship is tentatively scheduled for February 1, 2020. Interested parties should contact CYCYACHTING@GMAIL.COM to register for this half day training.

US Sailing provides an excellent orientation to the roles and responsibilities of a Race Committee in their handbook called **Join the Race Committee Team**. You can purchase a copy at the educational store within the USSailing.com website.
