

## LAUNDRY RACE 2023 PADDLERS INSTRUCTIONS

Place your potluck dish in the refrigerator or on countertop in the clubhouse kitchen.

1. Check in between 9:30 and 10am on the west porch of the clubhouse prior to launching your vessel.
2. **10:00 to 10:30** Boats launched and water fight in front of clubhouse. While water fights are going on, David Kresge will be placing the laundry between the Edgewater arms dock and Union Street.
3. **10:30** David Kresge in his center console power boat will come back to the floating dock and give 3 blasts to initiate the search for the Captain's Laundry. There will be seven packages of laundry.
4. After the starting signal, head south going around David Kresge's vessel on the south end of the course, gathering laundry on your way there and back. **When retrieving laundry, gather the float and weight attached to it.**
5. You can attempt to thwart your competitors by blocking them with your vessel or squirting them. You can also steal laundry from their vessel.
6. **Finish** You finish by paddling past the floating dock, calling out your name and how many packages of laundry you have.
7. **Winning** The winner is the first person having completed the course and having the most laundry. If more than one person has the same amount of laundry, the winner will be the competitor who finished first.
